CDTC MEDIA RULES & REGULATIONS

- 1.** The parents/legal representative of the children participating in the media project/coverage have all voluntarily consented to cooperate with the project and the use of the images/photographic material (including video). CDTC has received a copy of the written parental/legal representative’s approval for each participating child.
- 2.** The parents are always allowed to withdraw their children from participating without any negative and/or adverse consequences for further treatment, medical care or counseling.
- 3.** The therapists treating the children will always have the final say about the filming/taking of pictures in relationship to the therapy (if the filming/photography has an adverse effect on a certain child’s therapy, the therapist is allowed to intervene, even if this would result in the filming/photography not being allowed anymore for the child in question).
- 4.** If filming/photography also physically involves the dolphins (for example filming in the water), the Head Dolphin Trainer will be involved in the planning and will during the filming/photographing have the final say in as far as the well being of the dolphins is involved.
- 5.** Your visit to CDTC may not extend 3 days, which means you are allowed a maximum of 3 days for filming/photography/interviewing at CDTC.
- 6.** CDTC receives a copy of the broadcast/publication. CDTC is further informed of the date, time and venue (broadcasting station) of each broadcast/publication in advance.

7. Data/footage/photographs collected/received at/from CDTC can only be used for the agreed upon broadcasting/publication, unless CDTC agrees in writing with another broadcast / publication.

8. Privacy of the patients and their families that have not consented to their data/images being filmed / photographed or recorded in any form or way is guaranteed at all times.
